MOJE SIGURNO MJESTO

Puni naziv projekta: "Moje sigurno mjesto - Dnevni centar za korisnike psihijatrijskih usluga"

Naziv implementatora: Udruženje „Menssana“, Asocijacija XY i Institut za populaciju i razvoj

Lokacija: Kanton Sarajevo

Korisnici: 100 korisnika – članovi Udruženja i njihove obitelji

Značaj projekta: Zahvaljujući projektu značajno je unaprijedena radna osposobljenost i kapaciteti, socijalna uključenost korisnika, a posredno i kvaliteta života. Povećala se njihova osviještenost o postojanju sustava socijalne zaštite i njihove pozicije u sustavu. Uspostavljena je dobra suradnja s javnim institucijama i napravljeni su prvi koraci prema umrežavanju s drugim organizacijama.

Ostvareni rezultati: Tijekom ovog projekta je urađena je socijalna anamneza korisnika i mapirane su njihove potreba. 20 korisnika je ostvarilo pravo na hranu i pomoć, 16 korisnika je ostvarilo razna prava iz oblasti socijalnog rada. Održane su tri radionice na temu socijalnih prava i uključivanja za korisnike i njihove članove obitelji. Ostvarena je po prvi put suradnja s Kantonalnim centrom za socijalni rad Sarajevo i potpisani je sporazum o suradnji, te na taj način je uspostavljena mreža stručnjaka upoznata s radom Udruženja. Urađeno je više od 160 individualnih savjetovanja, konzultacija i psiholoških intervencija s korisnicima i članovima obitelji. Po prvi put uspostavljena je psihoterapijska grupa. Izrađen je policy paper o zagovaranju. Povećana je vidljivost Udruženja preko društvenih mreža, organizacijom okruglog stola o socijalnom uključivanju i zapošljavanju korisnika, predstavom „Šifra“ u kojoj glume korisnici i profesionalni glumci, te Sedmicom mentalnog zdravlja. Urađena je procjena radne uspješnosti za 67 korisnika i na osnovu toga je izvršena selekcija grupa po njihovim potrebama i isplanirana dalja strategija. Održano je 30 radionica od strane korisnika na kojima su usvajane praktične vještine, a 7 korisnika je prošlo tečajeve radnog osposobljavanja. 4 korisnika su uspješno pronašle posao na tržištu rada, a 8 korisnika je bilo radno angažirano na realizaciji projektnih aktivnosti.

Project title: "Moje sigurno mjesto - Dnevni centar za korisnike psihijatrijskih usluga" („My Safe Place – Day Center for Beneficiaries of Psychiatric Services“)

Name of implementer: Association „Menssana“, Association XY and Institute for Population and Development

Location: Sarajevo Canton

Beneficiaries: 100 beneficiaries - members of the Associations and their families

Significance of the project: Thanks to the project, work skills and capacities, social inclusion of users, and indirectly the quality of life have been significantly improved. Their awareness of the existence of the social protection system and their position in the system has increased. Good cooperation has been established with public institutions and the first steps have been taken towards networking with other organizations.

Achieved results: During this project, the social anamnesis of the beneficiaries was done and their needs were mapped. Twenty beneficiaries exercised the right to food and assistance, 16 beneficiaries exercised various rights in the field of social work. Three workshops on social rights and inclusion were held for beneficiaries and their family members. For the first time, cooperation was established with the Cantonal Center for Social Work Sarajevo and a cooperation agreement was signed, thus establishing a network of experts familiar with the work of the Associations. More than 160 individual consultations, counseling and psychological interventions were conducted with beneficiaries and family members. For the first time, a psychotherapy group was established. An advocacy policy paper has been drafted. The visibility of the Associations through social networks has been increased, by organizing a round table on social inclusion and employment of users, the play „Šifra“ ("Code") starring users and professional actors, and the Mental Health Week. A performance appraisal was performed for 67 users and based on that, a selection of groups according to their needs was made and a further strategy was planned. Thirty workshops were held by the beneficiaries where practical skills were acquired, and 7 beneficiaries underwent vocational training courses. Four beneficiaries successfully found a job on the labor market, and 8 beneficiaries were engaged in the implementation of project activities.
