ŠnajdeRAJ - štepom do osmeha!

Naziv projekta: ŠnajdeRAJ - štepom do osmeha!

Organizacija: Udruženje za podršku ljudima sa neurozom „Herc“

Mesto: Beograd

Korisnici: 15 osoba sa problemima mentalnog zdravlja

Cilj projekta je unapređenje psihosocijalnog položaja osoba sa problemima mentalnog zdravlja i osoba sa invaliditetom, te omogućavanje njihove bolje integraciju u zajednicu. Pored toga ideja projekta je jačanje kapaciteta udruženja kao i osnaživanje korisnika kroz radno osposobljavanje i zapošljavanje u sklopu radionice „ŠnajdeRAJ“. Projekat je realizovan u partnerstvu Udruženja za podršku ljudima sa neurozom „Herc“ i Udruženja „Čep za hendikep“.

Projekat je obezbedio opremanje krojačke radionice kao i obuku za krojenje i šivenje koju je su završila 4 korisnika. Održano je i 36 radionica za izradu ortopedskih pomagala i assistivnih tehnologija uključujući specijalnu obuku za modelovanje, konstrukciju, krojenje i šivenje. Radionicama je prisustvovali 11 korisnika, a preko 100 izrađenih pomagala donirano je osobama sa invaliditetom i starim licima, kao i specijalnoj bolnici za rehabilitaciju „Rusanda“. Tokom projekta, korisnici su imali kontinuiranu podršku psihologa i psihoterapeuta u vidu individualnih i grupnih sesija.

“ŠNAJDERAJ- ŠTEPOM DO OSMEHA!”

Project name: “ŠnajdeRaj- štepom do osmeha!”

Organization: Association for Support of People with Neurosis “Herc”

Location: Belgrade

Beneficiaries: 15 people with mental health problems

The aim of the project is to improve the psychosocial situation of people with mental health problems and people with disabilities, and to enable their better integration into the community. In addition, the idea of the project is to strengthen the capacity of the association as well as to empower beneficiaries through work training and employment within the “ŠnajdeRaj”. The project was implemented in partnership with the Association for Support of People with Neurosis “Herc” and Association “Čep za hendikep”.

The project provided equipment for the tailoring workshop “ŠnajdeRaj” as well as tailoring and sewing training completed by 4 beneficiaries. Also, 36 workshops for the production of orthopedic aids and assistive technologies, including special training in modeling, construction, tailoring and sewing were conducted. The workshops were attended by 11 beneficiaries, and over 100 produced aids were donated to people with disabilities and the elderly, as well as to the special rehabilitation hospital “Rusanda”. During the project, the beneficiaries had the continuous support of psychologists and psychotherapists in the form of individual and group sessions.
