UHVATI GRIVU

Naziv projekta: "UHVATI GRIVU"

Organizacija: UG GRIVA

Mesto: Sombor

Korisnici: 35 dece sa invaliditetom

Osnovni cilj projekta je unapređenje kvaliteta života dece sa invaliditetom kroz razvoj i unapređenje usluge terapijskog jahanja.

Ciljna grupa projekta su deca sa invaliditetom iz Sombora, uzrasta od 4 do 15 godina. U programske aktivnosti bilo je uključeno 35 dece sa smetnjama u razvoju. Obuku za rad u terapijskom jahanju u trajanju od 30 sati pohađalo je 10 volontera. Tamo gde je to bilo moguće i potrebno, u realizaciju programskih aktivnosti uključeni su bili i članovi porodica korisnika. Ukupno su realizovane 272 individualne sesije, odnosno provedeno 462 sata u radu sa korisnicima. Uspostavljena je saradnja sa Centrom za edukaciju i psihološke usluge Sombor. Takođe, realizovana je nastava građanskog vaspitanja za učenike Poljoprivredno-prehrambene škole na teme: „Volonterizam i aktivizam u civilnom sektoru“ i „Terapijsko jahanje - specifičnosti i mogućnosti“.

Projekat je promovisan u više dnevnih listova, putem objava na društvenim mrežama, oglašen je putem EU Info Point-a i snimljen kratki, dokumentarni film „Uhvati grivu“. Projekat je prezentovan na dva online međunarodna događaja, na seminaru o terapijskom jahanju Biotehničkog fakulteta Univerziteta u Ljubljani i konferenciji „Advancing Equestrian Practice Quality of life“ London.

CATCH THE MANE

Project name: "Catch the Mane"

Organization: UG GRIVA

Location: Sombor

Beneficiaries: 35 children with disabilities

The main goal of the project is to improve the quality of life of children with disabilities through the development and improvement of therapeutic riding services.

The target group of the project are children with disabilities from Sombor, aged 4 to 15. In the program activities 35 children with disabilities were included. The training for therapeutic riding, lasting for 30 hours, was attended by 10 volunteers. Where possible and necessary, family members of beneficiaries were involved in the implementation of program activities. A total of 272 individual sessions were realized, i.e. 462 hours were spent working with beneficiaries. A cooperation was established with the Center for Education and Psychological Services Sombor. Also, civic education classes for students of the Agricultural and Food School on the topics: "Volunteerism and activism in the civil sector" and "Therapeutic riding - specifics and opportunities" were realized.

The project was promoted in several newspapers, through posts on social networks, EU Info Point and a short, documentary "Uhvati grivu" has been created. The project was presented at two online international events, at the seminar on therapeutic riding at the Biotechnical Faculty of the University of Ljubljana and the conference "Advancing Equestrian Practice Quality of Life" London.
